

CS Carbon Spine Extension

The CS Carbon Spine Extension can be fitted to Grand Promerix operating table to provide a patient position and imaging capabilities comparable to that of a specialist dual-rail spine table. The CS frame may be attached to the head side of the Grand Promerix without the need of the support leg. A support leg is to be used at all times when the CS Frame is attached to the leg side of the table.

Including:

- CS Carbon Extension Rail, 1pc
- CS Carbon Extension Leg, 1pc
- CS Carbon Extension Adaptor - Merivaara, 1pc
- CS Chest Support, 1pc
- CS Hip Supports, 1 pair
- CS Extension Hip Supports, Grey, 1 pair
- CS Extension Thigh Supports, Grey, 1 pair
- CS Universal Arm Supports, with Grey Pad, 2 pcs
- CS Table Rail Adaptor, EUR size, 1 pair
- CS Head Tray Attachment, 1 pc
- CS Prone Plus Head Support System, Grey, 1pc
- CS Supine Top, with Grey 2" Foam Pad, 4 pcs
- CS Shin Supports, 1 pair
- CS Comfort Knee Rings, 1 pair

Please order the armboards separately, not included in the package.

Benefits

- Improved anaesthetic access – no end columns between the anaesthetic team and the patient
- 360° C-Arm/O-Arm access
- Improved efficiency – simply remove the extension to return the table for standard use
- Significantly more cost-effective in comparison to purchasing a full spine table

- Detachable support leg for added stability if preferred

Technical specifications

Safe working load (SWL)	250 kg
Product code	CSM-2730M
