

Electric Mayo instrument table

Electric Mayo instrument table with two sizes of work tops. The worktop can be rotated horizontally 45, 90 and 180 degrees in both directions. Max lifting capacity 50 kg with the worktop at 0° angle (30 kg with the worktop in other positions). The trolley height is adjusted fully hands free with foot controls. Press the right side of the button to lower the worktop and the left side to elevate it. The Mayo trolley stand has three antistatic wheels for safely moving the trolley around. The trolley can be locked into place with the lock buttons in the wheels.

Product code		Size
130028	700 x 500 mm	
130029	640 x 400 mm	

Technical Specifications

Height adjustment	960 - 1260 mm
Max. lifting capacity	50 kg
Product Code	130028, 130029
